

Splashbacks for
Kitchens & Bathrooms

GLASSPAINTS has been specifically designed for glass, to create Splash-backs in bathroom and kitchen environments. It can also be used for shower doors and enclosures, wet rooms, wall cladding and partitions.

Be it Opaque, Transparent, Metallic, Pearlescent, Sparkle or anywhere in between the highly versatile GLASSPAINTS system is the product that will tick all the boxes.

Any colour match can be made. Using exclusive software and a unique computerised 'Formulation and Mixing' system, 1000's of colours including RAL, BS and Pantone can be easily matched and re-created providing an infinite choice of colours.

It is Moisture Resistant, Heat Resistant, UV Stable, Scratch Resistant and also resistant to most chemicals.

GLASSPAINTS coatings are extremely durable and have outstanding adhesion properties that make it virtually impossible to be removed.

Silicone adhesive can be applied directly to the coated surface and will give a permanent bond to most surfaces.

The GLASSPAINTS is also available in a DIY version that can be easily applied using a paint roller by the DIY enthusiast giving the same excellent results.
